What do 23 PR practitioners in Southeastern Wisconsin have in common that other practitioners don't? They're among the roughly 5,000 PR professionals worldwide who have earned the designation "APR." The letters stand for Accredited in Public Relations, but

Are you offering an internship or seeking an intern for 2023?

Securing an internship or entry level job is one of the main priorities for students. The [PRSSA Internship Center](#) is a tool that allows members to explore opportunities across the country in all types of industries. Currently, the number of qualified internship candidates vastly outnumbers the number of internship postings and we would like to change that with your help.

Posting an opportunity on the Internship Center is one of the easiest ways to give back to the future of the public relations industry, especially considering there is no cost for organizations/individuals to post. In addition, PRSSA offers some of the most qualified internship candidates. All you have to do to have your internship featured is send the internship details to prssainternships@prsa.org.
